

FVSSC (Fortitude Valley State Secondary College) access and parking.

The school is situated on the corner of Brookes St and St Pauls Tce, Fortitude Valley. Whilst there is no onsite parking you are able to access the drop off zone with the **PAC** (Performing Arts Centre) immediately on your left for ease of unload or pack up. After using the drop off you then need to find off site parking for your vehicle.

DROP OFF ZONE:

Access to the drop off zone is one way only. You need to head outbound on Wickham Tce (one way) past Valley pool on your left and then turn left into Brookes St (Old brick building police station on your left corner) past the daycare centre and then original school block on your left before turning left into the drop off zone. The old school building merges into the PAC immediately and you can park there to unload/load before exiting left only onto St Pauls Tce. Then right into King St for parking station or further down left into Constance St (then right into Alfred St) for Valley Metro parking. Or look for metered street parking.

STREET PARKING:

Metered parking in various streets around Fortitude valley.
